PROFILE

I'm a Los Angeles based product designer. Currently a 4th-term product design student at Art Center College of Design. I specialize in designing Hard Goods and Consumer electronics, designing products through 3D modeling and visual communication.

PROJECTS

Syncro - Spring 2025

A modular smart reminder that design for adults with ADHD, it can be used at home or carried with the user on the go, help users plan their time and remind them to complete tasks

Dyson Airguard - Fall 2025

A half-face respirator that design for factory workers, combining effective filtration with optimized airflow to support long hours in demanding industrial settings.
